	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes it is important because for scientific community because the world is trying to find a way in increasing the production of food to curb famine and food insecurity. It would be unwise to waste foods as a result, this manuscript gives details on how to avoid food wastage.</p> <p>Yes it is suitable</p> <p>The abstract is comprehensive enough and okay.</p> <p>The subsections are not well arranged. It should be worked upon</p> <p>Yes it is correct. It was able to address food wastage and how it can be curbed for sustainability.</p> <p>The references are sufficient but most of it references are not five years to date. If possible recent references could be used, it would be okay. Though there are few recent references but isn't enough.</p> <p>The Introduction on the manuscript is not sufficient and not well detailed. I would advise the introduction is worked upon.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes	
<p>Optional/General comments</p>
