

Review Form 1.7

Journal Name:	Asian Journal of Soil Science and Plant Nutrition
Manuscript Number:	Ms_AJSSPN_113938
Title of the Manuscript:	"Optimizing Growth Parameters of Bell Pepper (<i>Capsicum frutescens</i> L.) through Comprehensive Nutrient Management" on Farm of the Department of Horticulture, MGCGV, Chitrakoot.
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes, article is relevant and valuable for the scientific community. The manuscript could be significant for those interested in sustainable and effective approaches to improve crop yield and quality.</p> <p>Enhancing Bell Pepper (<i>Capsicum frutescens</i> L.) Growth with Holistic Nutrient Management at the Horticulture Department Farm, MGCGV, Chitrakoot.</p> <p>Yes, the abstract seems comprehensive as it not only addresses the growth parameters of bell pepper but also considers soil health, nutrient dynamics and long-term sustainability. Yes</p> <p>Yes</p> <p>You may consider including more recent studies to demonstrate. Always refer to the specific guidelines of the journal.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>It's advisable to use consistent terminology for bell pepper word. Overall, the content is informative and provides a thorough analysis of the study. Making these refinements will enhance the clarity and precision of your manuscript.</p>	
<p>Optional/General comments</p>	<p>This research contributes valuable insights to the field of bell pepper cultivation. To further enhance the quality of your article, I recommend addressing the consistency in terminology, correcting typographical errors, improving the formatting of statistical values, providing more specific details for reference citations and refining grammar in certain sentences.</p>
