

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_109556
Title of the Manuscript:	Effect of Application of Secondary Nutrients on Growth, Yield and Quality of Maize (Zea mays L.)
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. The manuscript is essential for the scientific community.</p> <p>2. The title is generic and should be tailored towards specific analytic areas within the scope of the research.</p> <p>3. The abstract is not sufficiently comprehensive.</p> <p>4. Subsections and structure could be organised and arranged more scholarly.</p> <p>5. The manuscript strikes a hypothetic tone and hence cannot be used for intensive scientific investigation or engineering implementations.</p> <p>6. The references are correct however, further referencing with research focused topics would help improve the overall acceptability of the manuscript.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The language /English quality of the manuscript is fairly suitable for scholarly communications. However, there is need for a revision and grammatic constructive restructuring.</p>	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
