If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>		
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 	The manuscript has been designed perfectly to describe the case studies regarding the dermal problems in the hyperthyroidism. The description is adequate especially in the case studies. The discussion part is really good but it is not properly substantiated by references. There is a need to improve the number of references. In addition, there are few grammatical and typographical mistakes which need to be rectified.	
<p>Optional/General comments</p>
