

Review Form 1.7

Journal Name:	Asian Journal of Research in Animal and Veterinary Sciences
Manuscript Number:	Ms_AJRAVS_113602
Title of the Manuscript:	Herd level bovine tuberculosis incidence, and assessing the impact of test and slaughter measures on herd demography and structure
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The authors claim that the test and slaughter method implemented was insufficient to control the spread and eradication of bTB in the herd due to the prolonged gap and inconsistency between successive SICCTT test</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes, but terminologies like prevalence and incidence have not been used appropriately in the manuscript. The authors have used prevalence in the abstract but they have used incidence in the subsequent steps. Both these terms carry different meaning and I would advise them to use it appropriately.</p> <p>Yes</p> <p>All the tables in the manuscript does not have any description regarding the table or the keys used in the columns and rows making it difficult to understand.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	No. English language has to be revised	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
