

Editor's Comment:

1) Tables and their numbers must be written in the text of the results and discussion.

The tables and their numbers are not written in the text of the results and discussion.

2) The Latin names, the number and species of the selected weeds and crops must be written in the materials and methods

In Materials and Methods, the scientific names, number and species of the selected weeds and crops have not been written.

3) Results and discussion are insufficient

The results and discussion are still insufficient, they have not been increased

Accepted until the authors have made the corrections.
