

Review Form 1.7

Journal Name:	Asian Journal of Medicine and Health
Manuscript Number:	Ms_AJMAH_109913
Title of the Manuscript:	HELMINTH INFECTION AND ANAEMIA
Type of the Article	REVIEW

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<ol style="list-style-type: none"> Yes, manuscript is important for Scientific community as in regions where parasitic infections are endemic and access to healthcare and sanitation is limited, helminth-induced anemia can be a significant public health concern. Addressing both the parasitic infections and the nutritional deficiencies associated with anemia is crucial for improving the overall health and well-being of affected populations. Public health interventions may include deworming programs, nutritional supplementation, and improvements in sanitation and hygiene Title need to be modified Subsections and structure is poorly defined The content need to updated and synchronised with the headings and subsections Manuscript needs to be written properly, taking considerations of complications of helminthic anaemia More references can be added.(few are given below) <ol style="list-style-type: none"> Degarege A, Erko B, Negash Y, Animut A. Intestinal Helminth Infection, Anemia, Undernutrition and Academic Performance among School Children in Northwestern Ethiopia. <i>Microorganisms</i>. 2022 Jul 5;10(7):1353. Wijaya W, Pasaribu AP, Yanni GN, Suteno E, Husin N, Pasaribu S. Correlation between Soil-transmitted Helminths and Anemia Incidence in Primary School Children in Talawi, Batubara Regency. <i>Open Access Macedonian Journal of Medical Sciences</i>. 2021 May 15;9(T3):325-9. Ellwanger JH, Ziliotto M, Kulmann-Leal B, Chies JA. Iron deficiency and soil-transmitted helminth infection: Classic and neglected connections. <i>Parasitology Research</i>. 2022 Dec;121(12):3381-92. Mutalazimah M, Putri DP. Helminthiasis, iron intake, and hemoglobin levels in pregnant women. <i>Enfermería Clínica</i>. 2021 Apr 1;31:S252-6. <p>SUGGESTIONS:</p> <ol style="list-style-type: none"> Pharmacotherapy can be incorporated as a table Review of literature part can be more exhaustive. Advancements and Future perspectives can be included. Conclusion should be comprehensive. 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	<p>There are grammatical errors, writing style errors in main sections as well as in Reference section.</p>	
<p>Optional/General comments</p>	<p>Figures are not captioned</p>
