

Editor's Comment:

Manuscript number: 2024/JENRR/113593

Submission of the original paper on 12-02-2024

Manuscript title: THE OPTIMIZATION OF THE TECHNOLOGICAL PARAMETERS AT THE STAGE OF THE DECLINE IN THE OIL PRODUCTION

Journal: Journal of Energy Research and Reviews

After careful review and based on the feedback received during peer review, I'm glad to inform you that your submission can be considered for publication in the Journal of Energy Research and Reviews. However, before publishing the authors are suggested to do a Minor revision regarding the placement of punctuations that are still not appropriate yet. Likewise, grammar still needs to be improved adequately.
