

Review Form 1.7

Journal Name:	Asian Journal of Chemical Sciences
Manuscript Number:	Ms_AJOCS_113318
Title of the Manuscript:	Oxovanadium(IV) Complexes of α -Amino Acid Schiff bases and Polypyridyl Ligands: Synthesis, Characterization and Antimicrobial Activity
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>*This manuscript entitled “ Oxovanadium(IV) Complexes of α-Amino Acid Schiff bases and Polypyridyl Ligands: Synthesis, Characterization and Antimicrobial Activity” Is relevant to scientific research community. *Title given to the article is suitable and it connected with the content of the manuscript *Abstract is well written and appreciable and required data's and structures are also included in the article. **added to the mixing mixtureAfter refluxing the mixture for an hour” -Give punctuation mark at required places *After reference 15 you mentioned reference 50 only, reference from 16-49 are missing with in the content. *No reference is mentioned in experimental section *It was mentioned as Zone if inhibition, rewrite as zone of inhibition *Rewrite the sentence of conclusion part in meaningful manner “Further research is required before the V-3 complex may be considered a prominent/potent medication in the field of medicinal chemistry *Better to include Reference of work published from 1995 ie.,with in last 25 to 30 years *Include new reference instead of 22,26,27,28,32,41,51,52,53,54,56</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
