

Review Form 1.7

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_113355
Title of the Manuscript:	Prospecting the effectiveness of fungicides and bioagents against leaf spot of mango
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1) Yes, the manuscript is important for the scientific community, particularly for researchers, agronomists, plant pathologists, and agricultural policymakers. The manuscript addresses an important agricultural problem, provides scientifically sound evaluations of control measures, and offers practical guidance for managing mango leaf spot disease.</p> <p>2) The title "Prospecting the Effectiveness of Fungicides and Bioagents Against Leaf Spot of Mango" effectively communicates the main focus and purpose of the research described in the article.</p> <p>3) The abstract gives a concise overview of the aims, study design, methodology, results, and conclusion of the research conducted on the leaf spot disease caused by <i>Colletotrichum gloeosporioides</i> in mango growing regions.</p> <p>4) Literature Review and Discussion section are missing.</p> <p>5) Yes, this manuscript is scientifically correct.</p> <p>6) Need to add more current references of 2022 ,2023 and 2024.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	The English , grammars need to be corrected through entire manuscript.	
<p>Optional/General comments</p>	The equations should be written in standard form with equation number	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
