

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_104267
Title of the Manuscript:	ASSESSMENT OF SOIL FERTILITY STATUS OF RAYAL CHERUVU VILLAGE IN RAMACHANDRAPURAM MANDAL OF TIRUPATI DISTRICT, ANDHRA PRADESH
Type of the Article	Original Research Article

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<ol style="list-style-type: none"> 1. The article is an original research work on <i>Assessment of soil fertility status of Rayal Cheruvu village in Ramachandrapuram mandal of Tirupati district, Andhra Pradesh</i>. Overall, it is good article and contributes to an important aspect of agriculture and soil sciences. It may be accepted after the suggested minor changes have been implemented. 2. The title of the article would be better suited as <i>Assessment of soil fertility status of Rayal Cheruvu village in Ramachandrapuram mandal of Tirupati district, Andhra Pradesh, India</i>. 3. The abstract is comprehensive. 4. The subsections of the manuscript are appropriate. 5. The manuscript is scientifically correct. 6. The references are sufficient and recent. <p>Additional comments:</p> <ol style="list-style-type: none"> i. The keywords are traditionally written in alphabetical order separated by semicolons. ii. The author(s) may insert some graphs for table 2 for better visual understanding of the trends. iii. The author(s) should include some photographs of the actual experimental site, crops, soil samples, etc. iv. The author(s) should add a “future scope of study” section after the conclusion section, describing in brief how the current research works quoted in this article can help in future soil and agricultural research and related policies. 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 	<p>The language/English quality of the article is suitable for scholarly communications.</p>	
<p>Optional/General comments</p>
