If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes, it is important for scientific community. The manuscript is well written with recent references and fruitful data, collected by the concerned authors and not only the collection of data but also proper analysis is put here. But it should be more focused on recommendations to the farmers.</p> <p>If it is given like – “Climate Change and Farmers’ Adaptation Strategies – Some New Evidences from Nigeria”, it will be better. It is better to remove question mark from the title.</p> <p>It can be more comprehensive with some recent references.</p> <p>Yes, but some mistakes are there in pointing of subsections which I mentioned already in the manuscript and one section named, “Challenges and Future Prospects” should be added. Yes</p> <p>Yes, all references are ok. There is one reference of 2017, which can be replaced by any recent reference.</p> <p>Additional comments are mentioned in the manuscript.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes
