<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>yes</p>	
<p>Optional/General comments</p>	<p>Article is comprehensively written except that conclusion needs to be reduced and reference number seems less for a review article i-e 26 and reference no 20-25 are repeated in the text again and again which is not appropriate for a review article. It would be appreciable if some new references are added as it is a literature review. Overall the article is scientifically pertinent.</p>
