

Review Form 1.7

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_114539
Title of the Manuscript:	Prevalence of African mosaic and morphological characterization of cassava (<i>Manihot esculenta</i> Cranz) varieties in two agroecological zones of Cameroon
Type of the Article	

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. Authors must write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for the scientific community? (Please write a few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestions for additional references, please mention them in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes, the work has vast experimentations and results, and the concept and the work are relevant for the scientific community, however, the overall document preparation and writing system is poor and needs modification.</p> <p>I made some modifications in red color, please follow them.</p> <ol style="list-style-type: none"> 1. Yes 2. The abstract is not precise, only the main results should be included 3. Yes 4. Yes 5. No. The authors should use a uniform bibliography format and referencing styles <ol style="list-style-type: none"> a. The author should include related works <p>Temegne NC, Mouafor BI, Ngome AF (2016). Agro-morphological Characterization of Cassava (<i>Manihot esculenta</i> Crantz) Collected in the Humid Forest and Guinea Savannah Agro-ecological Zones of Cameroon. Greener Journal of Agricultural Sciences, 6(7): 209-225, http://doi.org/10.15580/GJAS.2016.8.062716107 Because this work also considered 89 cassava varieties in Cameroon</p> <p>Karim, K.Y., Ifie, B., Dzidzienyo, D. <i>et al.</i> Genetic characterization of cassava (<i>Manihot esculenta</i> Crantz) genotypes using agro-morphological and single nucleotide polymorphism markers. <i>Physiol Mol Biol Plants</i> 26, 317–330 (2020). https://doi.org/10.1007/s12298-019-00740-x</p>	
<p>Minor REVISION comments</p> <p>1. Is the language/English quality of the article suitable for scholarly communications?</p>	<p>The English writing and grammar rules are poor</p> <p>It is recommended to use AI tools such as Grammarly editor and paraphrase</p>	
<p>Optional/General comments</p>	<p>The overall writing style and documentation are too poor, to be published in a scientific journal</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
