

**Editor's Comment:**

The paper is accepted with minor revision.

- Abstract: Please add number of cases before its percentage in results of abstract.
- Also, add conclusion and brief recommendation at the end of abstract.
- There are some abbreviations such as DMFT, DT, & MT that appear in the paper without clarification when they first appear. Please check all abbreviations and clarify each one when it first appears within the text.
- Methods: Please add the statistical analysis at the end of section of methodology.
- Discussion: Please add a reference for this phrase “, and similar to those reported in other developing countries”.
- Conclusions: Please correct this phrase “The result from the present study shown that” to be “The result of the present study showed that”.
