

Review Form 1.7

Journal Name:	Asian Journal of Case Reports in Medicine and Health
Manuscript Number:	Ms_AJCRMH_116848
Title of the Manuscript:	Case report and review of the literature on diaphragmatic hernia with renal ectopia as a cause of low back pain and dyspnea
Type of the Article	Case report

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Obviously, it's a good effort to reflect rarest scenario in clinical practice.</p> <p>Though the title justifies "the diaphragmatic hernia" but it would be better to omit "review of literature" from title as it is not enough to become review article. So, it could be like: Case report on diaphragmatic hernia with renal ectopia as a cause of low back pain and dyspnea</p> <p>Yes.</p> <p>Though the subsections of manuscript are appropriate, but most of the details provided in introduction section as "the details regarding embryogenesis, its incidence with other case" would be better if mentioned in discussion section. Further, it would be wonderful if the elaboration of patient's complaint, methods and relation of renal vessels were also explained. Beside this, it would be very grateful to other practitioners if the management of this case was also mentioned.</p> <p>Yes.</p> <p>Yes.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes, it is.	
<p>Optional/General comments</p>	It would be good if proper labelling of images were given.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
