

Editor's Comment:

Academic Editor Comments:

1. The authors need to correct the discussion part as mentioned by one of the reviewers.
2. Authors must include the details of informed consent (or) IRB approval in this manuscript.
3. Need to include the statement indicating that 'In this case report all the photographs are used with the permission of the patient'

Editorial Decision of the Academic Editor:

As per the reviewer's comments, this manuscript may be accepted for publication in the Journal of Advances in Medicine and Medical Research only after fulfilling all the above three comments of the academic editor.

Editor's Details:

Dr. Vinoth Prabhu Veeramani
Assistant Professor, University of Tabuk, Kingdom of Saudi Arabia.
