

**Editor's Comment:**

It is again an issue of the agri-fishery branch of the economy and its necessity to foster.

The References are wrong written:

The authors in alphabetical order of the author's last names and, immediately after, the year of publishing.....

for example, the first reference: Afrilita N. (2013)...., the next one Alyiah R et al. (2015)... and the last one Suhartini (2012).....

Ok for publishing.
