[The research work exclusively focussed on the awareness & the skills of the pharmacist practice and the information will be useful for the mentors for tracking their performance].</p> <p>Suitable, however I suggest instead of "attitude" word you may choose practice or any other relevant word that suits that project worked on the pharmacist.</p> <p>Yes.</p> <p>Yes. Properly structured.</p> <p>Yes, as growing need of Pharmacist in the medical field throughout the world is gaining attention in developing their skills to make a global career, awareness about the latest is need of the hour. Well I suggest adding few more to support as this is Thesis submission to support the literature and the results.</p> <p>I appreciate the project work study taken by the authors with a very good topic selection and structured assessment which will give an idea to the mentors to inculcate the skills wherever necessary.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Good.</p>
