

## Review Form 1.7

Journal Name:	Asian Soil Research Journal
Manuscript Number:	Ms_ASRJ_117078
Title of the Manuscript:	Evaluation on the Effects of Organic Amendment on Soil Productivity of Selected Watersheds in Nnamdi Azikiwe University Awka Campus
Type of the Article	

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <p>1. <b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</p> <p>2. <b>Is the title of the article suitable?</b> (If not please suggest an alternative title)</p> <p>3. <b>Is the abstract of the article comprehensive?</b></p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b></p> <p>5. <b>Do you think the manuscript is scientifically correct?</b></p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<p>1. The manuscript is very important for scientific community because almost in all watersheds in our world the soil degradation common and this leads to the reduction of production and productivity from time to time. Therefore organic amendments is very important to improve soil physicochemical properties as well as productivity</p> <p>2. The title is okay and interesting</p> <p>3. The abstract of the article is comprehensive and describes the basic findings of the papers</p> <p>4. The subsections and structure of the manuscript were well appropriate and organized</p> <p>5. For my expectation the manuscript is scientifically correct and self-explanatory</p> <p>6. The reference cited in this paper is not sufficient and most of the references were old i.e before 2018.</p>	
<p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>	<p>The language is well and enough for international scholarly communications</p>	
<p><b>Optional/General</b> comments</p>	<p>minor modification on reference and making the discussion brief and detail</p> <p><b>Additional suggestion/comments:</b> to make this article more valuable and sound full it's better to refer and add more recent references the effect of organic amendments on soil properties and crop productivity improvement</p>	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Are there ethical issues in this manuscript?</b></p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
