

Review Form 1.7

Journal Name:	International Journal of Research and Reports in Dentistry
Manuscript Number:	Ms_IJRRD_117309
Title of the Manuscript:	BASAL IMPLANT: TREATMENT OPTION IN POSTERIRLY ATROPHIED RIDGE
Type of the Article	Case report

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. Yes, it is. I think basal implant is new approaching for implant methods and it can be a new novelty in prosthodontic. Support sentences on this manuscripts are: <i>Basal implantology is a unique system that engages the basal cortical portion of the jaw bones for retention. They are also regarded as cortical, or biocortical implants. In basal implantology there is multicortical support that results in absolute primary implant stability in dense living native bone.</i></p> <p>2. No, it isn't. I have alternative title that is "BASAL IMPLANT AS AN ALTERNATIVE TREATMENT IN ATROPHIC POSTERIOR RIDGE"</p> <p>3. Yes, it is. But i suggest to add new keywords: <i>Basal Implants</i> and <i>Atrophic Posterior Ridge</i></p> <p>4. Yes.</p> <p>5. Yes, I do.</p> <p>6. I recommend using the latest 10 recent references. I found the author's references in 1993, 2001, and 2005.</p>	.
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>1. Yes, it is. This manuscript has a good quality of language and can be accepted in the field of scientific.</p>	
<p>Optional/General comments</p>	<p>Overall this manuscript has a minor revision and can be worth published in International Journal of Research and Reports in Dentistry.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
