

Review Form 1.7

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_117322
Title of the Manuscript:	Influence of organic manure and bio fertilizers on the growth yield and productivity of guava under meadow orcharding
Type of the Article	Research paper

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>I appreciate the work that have done. I believe that it could be a good work in this field that help the people.</p> <p>NO. Effect of Organic Manure and Biofertilizers on the Growth, Yield and Productivity of Guava under Meadow Orchardling. Yes, it is appropriate.</p> <p>Yes</p> <p>Yes</p> <p>Sufficient</p> <p>In material and method include some botanical information of the plant in short.</p> <p>In the result section, for the all the parameters description can be done separately it will volumilize the paper quality. For this you can refer how he describe the result section El-Latif, A. (2002). Effect of organic manure and biofertilizer on caraway plants (<i>Carum carvi</i>, L.). <i>Journal of Plant Production</i>, 27(5), 3459-3468.</p> <p>Change the table 2 title as I refered you In highlighted words "Effect of different fruit bagging treatments on different quantitative and qualitative parameters of guava plant."</p> <p>In the table 1 give the full name of PSB also for better understanding for reader.</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 	<p>Use the soil fertility word instead of soil growth and for any scientific name always type in italics like <i>azotobactor</i> and <i>azospirillum</i>.</p>	
<p>Optional/General comments</p>	<p>During refer any information from the other published article try to change the sentence in your own language without changing its meaning. Some changes that I have done (highlighted) in manuscript provided to me through mail on 8 may 2024.</p>
