

**Editor's Comment:**

Journal Name: Journal of Scientific Research and Reports

Manuscript number: 2024/JSRR/116248.

Manuscript title: Effect of Different Coatings on the quality and shelf life of Ber (*Ziziphus mauritiana*).

I think the manuscript as a whole is scientifically correct. There are no ethical issues in this manuscript. There are no competing issues of interest in this manuscript.

But the author did not fully take into account the reviewers' comments.

My editorial decision (At stage 3: Final evaluation by Editor/Associate editor/Chief editor): manuscript should be improved.

Minor revision.
