

**Review Form 1.7**

Journal Name:	<b>Microbiology Research Journal International</b>
Manuscript Number:	<b>Ms_MRJI_116746</b>
Title of the Manuscript:	<b>Multidrug Resistant Pseudomonas aeruginosa Isolated from Chicken: A Public Health Concern.</b>
Type of the Article	<b>Original Research Article</b>

## Review Form 1.7

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <p>1. <b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</p> <p>2. <b>Is the title of the article suitable?</b> (If not please suggest an alternative title)</p> <p>3. <b>Is the abstract of the article comprehensive?</b></p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b></p> <p>5. <b>Do you think the manuscript is scientifically correct?</b></p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></b></p>	<p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Results and discussion can be still enhanced</p> <p>Ok</p> <p>The recent references are not included here, can author update any aspects of recent research in this area and give its references in the discussion.</p>	
<p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>	<p>Author has specified that morphological and biochemical characteristics are studied. But no where in the report the details of it are mentioned in the results and also in methodology. Just the table is given. Morphological studies are not shown.</p> <p>Will not the pH and temperature have an impact on isolation. Author has not mentioned and factors being considered while isolating the species.</p> <p>What is the main objective of this study for author, this isolate can be used as antibiotics in chicken.</p> <p>Author though says in the title the health concern, its not specified much and details of it not mentioned thoroughly in the result as such.</p> <p>Can author make sub divisions in results and discussion to give better clarity on the objectives and the title covered, and it can be enhanced with more detailed discussion and clarity.</p>	
<p><b>Optional/General</b> comments</p>
