

Review Form 1.7

Journal Name:	Advances in Research
Manuscript Number:	Ms_AIR_116554
Title of the Manuscript:	INFLUENCE OF DIETARY ZINC SUPPLEMENTATION ON SERUM MINERALS (ZINC, CALCIUM, PHOSPHORUS) AND LIVER ENZYME LEVEL (ALP, ALT, GGT) IN LAYER CHICKEN
Type of the Article	Research article

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<ol style="list-style-type: none"> 1. because it helps us know the effect of zinc added to poultry nutrition , by studying its results on eggs , their properties and affects, and comparing them with the control group, in changes that occur. 2. The title is suitable for the article. 3. The summary of the article is brief and comprehensive for the topic of research and displays all points in the research. 4. The structure of the article and the sub -headlines were set in a sequential manner, and the topic was listed in a way in which all ideas are presented in which all the studied points. 5. The article is good in terms of the scientific aspect that raises all scientific points and was explained scientifically. 6. The references are sufficient, but it is preferable to replace the old references with the most recent references because there are some old references used to write the article. We suggest some articles that enrich the topic in that. - Alabdallah, Z. A., Nikishov, A. A., Jhonn Lenon, C. J., & Ortiz Manzano, M. L. (2023). Influence of using probiotic on the productivity and morphometry of the organs in the visceral cavity of broiler chicks. Caspian Journal of Environmental Sciences, 21(2), 431-437. - ALABDALLAH, Ziad Ahmad, Aleksandr Alekseevich NIKISHOV, and Arfenia Semyonovna KARAMYAN. "Sex-related of some haematological and serum biochemical changes, fed high-protein diet in Japanese quail (Coturnix japonica)." Iranian Journal of Ichthyology 8 (2021): 150-154. - Alabdallah, Z., Nikishov, A., Vatnikov, Y., Al-Ragawi, A., & Seleznev, S. (2021). The Effect of High Protein in the Feed Mixture on the Morphological Changes in the Kidneys of Quail Birds. Journal of Chemical Health Risks, 11(4). - Angel Daniel, P. U., Jhonn Lenon, C. J., Laura Candelaria, C. H., Alabdallah, Z., & Nikishov, A. A. (2022). Alterations in the mass of quail eggs of different densities during storage. Caspian Journal of Environmental Sciences, 20(5), 1163-1166. 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 	<p>The English language is good, appropriate and well formulated.</p>	
<p>Optional/General comments</p>	<p>Mineral elements such as zinc play an important role in feed additives as well as in influencing appetite and productivity in poultry.</p>
