Yes This is just like experiment doing in 12th std. laboratory. No results are explained with scientific logics. This manuscript missing scientific approach. Author fails to explain why tensile strength with chemical treated fiber increase or decrease. Even author not able to justify, why water absorption increases. In conclusion, author not able to justify importance of mechanical and water absorption property of fiber in real life / scientific world. References are not sited in text and not given numbers.</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	<p>Quality of language is not upto the scholar communication mark.</p>
