Manuscript Number:	Ms_AJARR_116614
Title of the Manuscript:	Relationship between safety Awareness and Safety Compliance in Small and Medium Scale Enterprise in a Akwa-Ibom State, Nigeria
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<ol style="list-style-type: none"> 1. The manuscript is important for the scientific community as it addresses a critical issue of occupational safety awareness and compliance within small and medium-scale enterprises (SMEs) in Akwa Ibom State, Nigeria. Given the significant contribution of SMEs to the economy and the high prevalence of work-related accidents, understanding the relationship between safety awareness and compliance is crucial for improving workplace safety standards and promoting the well-being of employees. 2. The title of the article is suitable as it accurately reflects the content and focus of the study. 3. The abstract provides a comprehensive overview of the study, including its objectives, methods, findings, and implications. It effectively summarizes the key points discussed in the manuscript. 4. The subsections and structure of the manuscript are appropriate, facilitating a logical flow of information and making it easy for readers to navigate through the study's findings. 5. The manuscript appears scientifically correct, with thorough data analysis and interpretation presented in a clear and coherent manner. 6. The references provided are relevant and recent, covering a range of scholarly literature on occupational safety in SMEs. However, it might be beneficial to include some additional references that specifically address safety awareness and compliance in SMEs in the Nigerian context, if available. 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 	<p>The language and English quality of the article are suitable for scholarly communication. However, revisions may be needed to ensure consistency and clarity throughout the manuscript.</p>	
<p>Optional/General comments</p>
