

## Review Form 1.7

Journal Name:	Asian Journal of Research in Biochemistry
Manuscript Number:	Ms_AJRB_113935
Title of the Manuscript:	PHYSIOCHEMICAL PROPERTIES OF BLACK SOAP FROM OIL PALM EMPTY FRUIT BUNCHES
Type of the Article	

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <ol style="list-style-type: none"> <li>Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</li> <li>Is the title of the article suitable? (If not please suggest an alternative title)</li> <li>Is the abstract of the article comprehensive?</li> <li>Are subsections and structure of the manuscript appropriate?</li> <li>Do you think the manuscript is scientifically correct?</li> <li>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</li> </ol> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<ol style="list-style-type: none"> <li>Yes the manuscript "Ms_AJRB_113935" is important for scientific community because of the management of Agricultural waste products such as EFB, in locations where it is available in commercial quantity, its manner of disposal is usually results in environmental problems. The subject matter will trend in the wake Climate Change agitation.</li> <li>Physiochemical Properties of black soap from oil Palm Empty Fruit Bunches "Case Study of --Name of the sampled location-- a Sustainable Agricultural waste Management "</li> <li>Could be improved with a line on Sustainable Agricultural waste Management'</li> <li>Could be improved with foaming ability and foam height measurement.</li> <li>Suggestions / ideas for improvement are worth noting for scientific purpose.</li> <li>Could be improved with recent and similar research works in the area of black soap consideration. Beyond conflict of interest they authors of this article under review may / should consider reviewing the article "Edah, A.O., Nnoli, C.B. &amp; Wetkum, D.F. (2017) Physicochemical Properties and Anti-Microbial Activity of Local Black Soap and its Comparison with Ghana Soap with respect to Nigerian Industrial Standard. <i>American Research Journal of Chemistry</i>, 1 (1): 30-36.</li> </ol>	
<p><b>Minor</b> REVISION comments</p> <ol style="list-style-type: none"> <li>Is language/English quality of the article suitable for scholarly communications?</li> </ol>	The level of communication in English is acceptable.	
<p><b>Optional/General</b> comments</p>	The authors have considered key ingredients in their build up of this article.	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
