PART1:ReviewComments

Compulsory REVISIONcomments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The present research concluded that the Banana peel flours could be utilized as a potential source of nutrition to address the challenges of food insecurity with value addition. It has the potential to be a nutraceutical preparation alternative and beneficial to the pharmaceutical, medicinal and food sector by providing alternative of chemically synthesized drugs.	
Is the title of the article suitable? (If not please suggest an alternative title)	Comparative study of proximate composition of Odisha's local variety of banana (<i>Musa paradisiac</i> variety <i>Bantala</i>) flour against cereals flour for their value addition,	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	<p>Yes abstract is comprehensive. Manuscript need work elaboration for defining the research outcome and need improvement. Mark few point to look out. These points are...</p> <ul style="list-style-type: none"> • Mentioned the name of local variety of rice and wheat for more authenticity of work. • Ensure that Latin terms and biological names (plants/crude drugs/bacteria/fungus etc.) are in italic in the whole manuscript including reference also. • Which Data analysis methodology use to compare the result should be mentioned • Improvements in Conclusion writing skill to describe work outcome like significance of banana peel flour value addition with cereals flour... 	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The present research emphasize on the potential of banana peel flour (waste) could be a nutraceutical preparation alternative and beneficial to the pharmaceutical, medicinal and food sector. It also addresses the challenges of food insecurity with value addition of recycled banana peel flour. All the Methodology used for analysis are scientific and technically sound.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Most of the references are recent. Few suggestions for referencing are.. Reference style should be made strictly as per instruction to author	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	<p>Manuscript requires work elaboration writing skill for defining the research outcome and need improvement. This research could be of interest for the field. Please find my suggestions/comments to improve the scientific impact of this manuscript.</p> <p>English language to be improved in the manuscript.</p> <p>Reviewer's comment:</p> <p>I accept this manuscript conditionally, subject to major revision, accordingly to my accompanying</p>
