References.

All references must be checked to present them according to the journal’s standards (see <https://peerreviewcentral.com/page/general-guideline-for-authors>)

Use italics to write genus and species names.

Use full journal names or abbreviations, but not both in the list. Example:

Reference 3: Int. J. Poult. Sci. 2012; 11:65-72. (must be written: Int J Poult Sci. 2012;11:65-72)

Reference 5: International Journal of Poultry Science. 2007; 6(6):452-8.
