PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript is about the different methods of biological control of mealybugs. This article contributes to reducing the use of chemical agricultural pesticides that cause diseases in humans and animals and work to pollute the environment.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, Biological control and pesticides in integrated management of mealybugs (Hemiptera: Pseudococcidae)	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, additions and deletions were made to the modified manuscript	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	I think it is good because of the importance of mealybugs, as they cause significant losses in crops, and also the use of biological control methods in a large way leads to reducing these infections and also leads to reducing the bad use of chemical pesticides that harm humans and animals and pollute the environment.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes
