Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	Yes, but need some revision.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Manuscript is scientifically correct and it is also technically sound.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are sufficient but need to add the references for the other mealybug species which infest horticultural crops.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	This manuscript mainly it focus on the papaya mealy bug but I think details of species should be included about which are the different species attack the horticultural crops. Horticultural crops includes fruits, vegetable, spices and ornamental crops. Other mealy bug species which infest different horticultural crops this part is lacking from the content.
