

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_125012
Title of the Manuscript:	Effect of sowing time on infestation of sucking pests in okra
Type of the Article	Original Research Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The investigation is found to be important and finding may incorporate in developing IPM against sucking pest in local environment. But it is to be noted that variation in sowing time usually effect the vegetative period and flowering time and ultimately effect the yield. So, further study is required to conclude the significance of the investigation in this regards.	
Is the title of the article suitable? (If not please suggest an alternative title)	Quite appropriate	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Starting two lines are found to be give unnecessary explanation, so it should be rephrase or concise to make abstract more meaningful. Instead practice package should be incorporate as mentioned in material and method.	
Are subsections and structure of the manuscript appropriate?	<ul style="list-style-type: none"> Result should be write as "Result and Discussion" Sub heading should be in accordance with the observation i.e. "Effect of sowing time on infestation of Leafhopper in okra" instead of just Leafhopper and so on. 	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	<ul style="list-style-type: none"> The sucking pests are important threat to vegetable and other crops if uncontrolled may cause 30-40% loss in yield. The method incorporated may be effective and it may reduce reliance on harmful pesticides. Variation of sowing time should be studied with reference to yield too. 	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	<ul style="list-style-type: none"> References are recent but if available should incorporate more in discussion section. 	

Review Form 3

Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Satisfactory	
<u>Optional/General</u> comments	<ul style="list-style-type: none">Climatic and other physical factors should also be discussed during crop period.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
