

Review Form 3

Journal Name:	Archives of Current Research International
Manuscript Number:	Ms_ACRI_125334
Title of the Manuscript:	Cell Therapy in Rabbits: Advances, Applications and Perspectives in Regenerative Medicine
Type of the Article	Minireview Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	I like this manuscript because these days we need more researches about regeneration medicine. This manuscript gives us a total insight about cell therapy. Use of rabbits for in-vivo studies with their benefits was remarkable.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	I worked on stem cell therapy in treatment of Temporomandibular disorders(TMD) about 5 years ago. So I suggest that this researcher can use from the articles that are about cell therapy in treatment of TMD as an important problem in the populations of industrial countries.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	It can be more than them.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	I think that this article is a valuable review article and the conclusions are useful.
