Review Form 3

PART 1: Review Comments

| Compulsory REVISION comments | Reviewer's comment | Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|---|---|---|
| Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part. | It provides insights into the ossification. But the article title is misnomer, which does not contain review of literature as claimed in Title. The article needs to follow the reporting guidelines of case reports, which is missing in the article. Authors can review the guidelines and reformat the same. | |
| Is the title of the article suitable? (If not please suggest an alternative title) | If no review of literature then it can be retained with only a Case report. | |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here. | Is comprehensive but as per the title it is not correct narration. | |
| Are subsections and structure of the manuscript appropriate? | Those need modifications in each section starting from Clinical Case, Discussion and conclusion, | |
| Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part. | No, it needs a lot of modifications to become robust, starting from case history, literature review followed by discussion and conclusion. | |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. | Additional references needed if it contains review. | |
| Minor REVISION comments | | |
| Is the language/English quality of the article suitable for scholarly communications? | Needs improvement. | |
| Optional/General comments | Poorly communicated report. | |

PART 2:
