

Review Form 3

Journal Name:	Asian Journal of Environment & Ecology
Manuscript Number:	Ms_AJEE_124976
Title of the Manuscript:	The Influence of Coral Reef Benthic Conditions on Associated Fish Assemblages Around Puruf Island Water, Cenderawasih Bay, Papua, Indonesia
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The article is well written with good scientific knowledge contributing literature for those who are doing research in marine science and Benthic organisms of oceans. With limited resources the research is carried out with great efforts, that needs appreciations	
Is the title of the article suitable? (If not please suggest an alternative title)	Title is suitable but accuracy is missing, authors are advised to modify accordingly	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Author needs to add study design, methods followed, methods of data analysis, results and period of study. The abstract is too short and seems incomplete.	
Are subsections and structure of the manuscript appropriate?	Not an issue	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Good and well written but caution should be taken for scientific names, study design and methodology perfectly	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =	Some of the duplication in references can be removed as per the discretion of authors	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Good	
Optional/General comments	The article is good and adds a lot of literature to oceanic ecosystems especially to that of benthic environment	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
