

Review Form 3

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_124847
Title of the Manuscript:	Biological properties influenced by different tree species in deep Chambal ravine of Madhya Pradesh
Type of the Article	research

PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Study looks original and has importance in the field of science.	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Please add some lines on experimental area and institute in abstract.	
Are subsections and structure of the manuscript appropriate?	yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This study is on biological changes due to trees in Chambal area of MP. It provides detailed effects of trees on soil properties of the area. Only few studies has been conducted in this area so it may be helpful to understand the changes in the area.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	yes	
<u>Minor</u> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Language needs improvement. Grammatical errors are in the manuscript which needs correction before publish.	
<u>Optional/General</u> comments	Paper may be published after correction. Language needs improvement.	

Review Form 3
