

Review Form 3

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_125007
Title of the Manuscript:	Innovations in Advanced Drug Delivery Devices: A Comprehensive Review
Type of the Article	Review Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The article describes the advances in drug delivery practices in recent years in covering various disease areas. The article systematically described the importance of various devices, including their components, applications, and their working mechanisms. The explanation of each device is good with images.	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The Abstract looks generalized, for the given context. This could be further revised based on the content of the article, in specific.	
Are subsections and structure of the manuscript appropriate?	The subsections are not organized in the journal format. Need revision	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript described the importance of biodegradable materials and device chemistry. The devices that are currently used under each disease section are manifested appropriately. The advancements in the field of device technology for drug delivery are explained.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Need to include more references from 2023/2024 years since this is a review article.	

Review Form 3

Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes, although check for grammatical errors.	
Optional/General comments	<ol style="list-style-type: none">1. The structure of the manuscript is not as per journal specifications. This looks like a thesis, instead of a journal article. The article needed to be reformatted based on journal guidelines.2. Also, temporal classification/organization of devices could be more representative since this is a review article.3. The image specs of few images like Fig.5 are not clear.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
