

Review Form 3

Journal Name:	Archives of Current Research International
Manuscript Number:	Ms_ACRI_125336
Title of the Manuscript:	The Use of Primates as Experimental Models in Scientific Research and Its Ethical Implications
Type of the Article	Minireview Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	That NHPS will continue to be used in research is inevitable. The important thing is to ensure the experimental conditions are improving all the time. This article demonstrates many gains in this endeavour	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is catchy and appropriate but the substance in the review may be seen as short of expectation	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes it is	
Are subsections and structure of the manuscript appropriate?	Yes they are	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	<ol style="list-style-type: none"> 1. Animal Welfare- there is overreliance on one article which may diminish the thrust of this review 2. Legal protection – the review should have centred on the legal protection gained over the years and cite jurisdictions where this is happening and whether the balance with ethical review and assessment are working in tandem 3. Presentation of Table should be revised to have Theme column and the Databases as additional columns for ease of comparison of the data 	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.		
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Yes it is	
Optional/General comments	Recommended for publication with minor revisions	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
