

**Review Form 3**

Journal Name:	<a href="#">Asian Food Science Journal</a>
Manuscript Number:	Ms_AFSJ_125176
Title of the Manuscript:	<b>Content of Antioxidants in Mature and Immature Fruiting Bodies of Puff ball - Bovista plumbea Pers.</b>
Type of the Article	

## Review Form 3

### PART 1: Review Comments

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Investigating the content of antioxidants in mature and immature fruiting bodies of <i>Bovista plumbea</i> Pers contributes to the scientific understanding of this edible mushroom species, promotes its potential use as a functional food, Food security and sustainability and encourages further research on its applications in different industries.	
Is the title of the article suitable? (If not please suggest an alternative title)	Suitable but, if modified as follows it more acceptable. A Quantitative Analysis of Antioxidants in Mature and Immature <i>Bovista plumbea</i> Pers Fruiting Bodies	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Rewrite your abstract because it is not strong.	
Are subsections and structure of the manuscript appropriate?	Good. But, some modification Starting from 2.2.1- 2.2.7 make it as sub-subtitle or remove the heading number and write as paragraph	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	To understanding the potential health benefits of this edible mushroom species and may contribute to the development of novel functional foods and nutraceuticals. Investigating the impact of developmental stages on the antioxidant properties of Puff ball - <i>Bovista plumbea</i> Pers. Used to optimize cultivation practices to enhance the production of beneficial bioactive compounds.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Some references are too old and it is better to search recent.	
<b>Minor</b> REVISION comments  Is the language/English quality of the article suitable for scholarly communications?	Language barrier, grammatical error better if modified especially punctuations. No fluency.	
<b>Optional/General</b> comments	<ol style="list-style-type: none"> <li>1. Language barrier, grammatical error better if modified especially punctuations.</li> <li>2. Rewrite your abstract</li> <li>3. The introduction needs the arrangement because has no logical flow.</li> <li>4. The methodologies need modification</li> <li>5. The results were not discussed well and not identified from the discussion. Therefore, analysis your data or results well and discuss your investigation with other authors for comparison in your discussion.</li> <li>6. Write strong conclusion based on your investigation.</li> <li>7. Check your citation and references it should be in consistence through your manuscript. Some references are too old try to search recent.</li> </ol>
