Title of the Manuscript:	Teaching Case Design with Ideological-Political Element of Reactions of Alkanes in College Chemistry (II)
Type of the Article	

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript provides significant insights about integrating ideological-political elements into the learning of alkanes reactions in organic chemistry. The proposed instructional design in this manuscript, namely pre-teaching analysis, learning objectives setting, teaching methods, and teaching content design can serve as a reference for scholars/readers in the similar field of study. It also demonstrated high originality in writing and communicating the innovative idea in science education by the integration of ideological-political concepts.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes.	
Are subsections and structure of the manuscript appropriate?	Appropriate. Alternatively, it is recommended to provide more past studies on the integration of ideological-political elements in science education.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The instructional design of integrating ideological-political elements in teaching alkanes reactions is well and clearly described. More past studies are needed to support the significance of adopting ideological and political education in today's education. Additionally, the author(s) may reviewe critically the past studies to indicate the advantages and disadvantages, which will further identify the research gaps, and justify the integration of ideological-political education into science learning.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Sufficient and recent.
