

Review Form 3

Journal Name:	Asian Journal of Probability and Statistics
Manuscript Number:	Ms_AJPAS_125274
Title of the Manuscript:	Bayesian Network Modelling of Detecting Bank Fraudulent Transaction in Nigeria
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Banking fraud is in rise and its detection and prevention is of utmost importance. The work is relevant in this aspect.	
Is the title of the article suitable? (If not please suggest an alternative title)	Suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is okay but little shorter and crispy would be much better. It doesn't highlight any tools used for diagrams or graphical representations.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Equation numbering is there with description but equations are missing in the text like equation 1, 4 etc. Also, source of equations is not mentioned.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. -	Equation referencing is needed	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Language is okay. At some places, punctuation is missing	
Optional/General comments	Please mention source of equations used in the manuscript. Also, which tool and techniques have been used for statistical and graphical representations should be mentioned below diagrams.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
