

### Review Form 3

Journal Name:	<a href="#">Journal of Advances in Biology &amp; Biotechnology</a>
Manuscript Number:	Ms_JABB_124601
Title of the Manuscript:	The Role of Exotic Fruits in Modern Diets: Health Benefits and Nutritional Value
Type of the Article	

#### PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b>	The paper present interest to the community because it explores the benefits of various exotic fruits such as rambutan, kiwi, dragon fruit, durian, passion fruit, avocado, goji, and mangosteen in healthy diet. The work points out the importance of fruits, their consumption offering various health benefits beyond traditional fruits. The work presents important information regarding healthy nutrition education.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	The title is suitable and accurately reflects the content of the article.	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	The abstract is a little bit short. It could be more extensive and enriched, for a review-type paper..	
<b>Are subsections and structure of the manuscript appropriate?</b>	No. The subsections and structure of the manuscript are not appropriate. Only with introduction and references the work is incomplete. There are no conclusions.	
<b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b>	The paper presents information about tropical fruits, but it is not a scientific paper. For a review it is far too little. It should be enriched with more data, for example addition supplementary information related to the nutritional composition of the fruits, because the references are quite numerous.	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	Yes, bibliographic references are numerous and appropriate to the content of the paper.	
<u>Minor</u> REVISION comments		
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	Yes, the english language is good.	
<u>Optional/General</u> comments
