

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_125628
Title of the Manuscript:	Navigating Scarcity : Performance of Groundnut under Resource Constraints
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	<p>Especially in areas where resource constraint compromises food security, this research advances our understanding of sustainable agriculture. Policymakers and farmers may also be able to make better decisions to increase groundnut production with the help of the data.</p> <p>Most important</p>	
Is the title of the article suitable? (If not please suggest an alternative title)	<p>Evaluating Groundnut Yield and Resilience under Resource Constraints in Sub-Saharan Africa</p> <p>This alternative title emphasizes the evaluation aspect and specifies the geographical focus, which could attract a more targeted readership interested in agricultural practices in that region.</p>	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Almos good abstract	
Are subsections and structure of the manuscript appropriate?	<p>Good format</p> <p>Must include data collected and data analysis procedure as sub content</p>	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.		
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =	Almost good but I high light some old reference specially on the result	
<p>Minor REVISION comments</p> <p>Is the language/English quality of the article suitable for scholarly communications?</p>	Yes	
Optional/General comments	The finding was important especially in resource limited areas of the sub-Saharan and Asia countries to increase the production of the most nutritionally important crop.
