

Review Form 3

Journal Name:	Journal of Engineering Research and Reports
Manuscript Number:	Ms_JERR_124507
Title of the Manuscript:	Study on the basic characteristics of steel slag asphalt mixture
Type of the Article	Opinion Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The Manuscript needs many clarifications for the scientific community regarding the importance of asphalt mixture performance of road application	
Is the title of the article suitable? (If not please suggest an alternative title)	No ➤ The paper needs to Revise the Title of the article	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	No ➤ The Abstract needs to clearly mention the objective of the paper.	
Are subsections and structure of the manuscript appropriate?	No ➤ The subsections and structure of the manuscript needs to revise by including the Literature review, Location details of work done, Methodology, Discussion of results.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	1) The study of characteristics was not studied with construction materials i.e there is no evidence of experimental data. 2) The papers needs justification about the type of research conducted (Review article or experimental) 3) The location of the research work done was not clearly defined in the article 4) Conclusion needs to justify and support the results with proper experimental work.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No All the references are not arranged as per the Alphabetical order.	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Yes, The English Quality of the article was suitable for scholarly communicaions.	
Optional/General comments	An attempt was made by the researcher to explain about the importance of steel slag asphalt mixture in road construction, which was appreciable.
