

Review Form 3

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_JSRR_125172
Title of the Manuscript:	A Study on Sustainable Neem Seed Collection and Utilization Practices in Selected Cluster of Tamil Nadu
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript addresses an important issue related to sustainable agricultural practices, focusing on neem seed collection and utilization in rural communities. It offers valuable insights into the socio-economic challenges faced by rural seed collectors, which has implications for both environmental sustainability and rural development.	
Is the title of the article suitable? (If not please suggest an alternative title)	The current title is informative but could be more concise. A suggested alternative could be: <i>"Challenges and Sustainable Practices in Neem Seed Collection: A Study in Tamil Nadu Villages."</i>	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is detailed and captures the key elements of the study well. However, it could be slightly condensed to avoid repetition and focus more on the major findings and their implications.	
Are subsections and structure of the manuscript appropriate?	Yes, the subsections and overall structure are appropriate. The manuscript is logically organized, with distinct sections covering methodology, results, and discussion	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This manuscript addresses an important issue related to sustainable agricultural practices, focusing on neem seed collection and utilization in rural communities. It offers valuable insights into the socio-economic challenges faced by rural seed collectors, which has implications for both environmental sustainability and rural development.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.		
Minor REVISION comments	Explain with graph representation. Relate this findings with other studies	
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
