<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	I don't find anything about the manuscript to be interesting and of importance. Many study have been conducted in this area with robust methodology and results. A simple google scholar search will poor down tons of papers in the Area, It would have been of importance if the authors are addressing any lapses from the preciously conducted research	
Is the title of the article suitable? (If not please suggest an alternative title)	It is not suitable as the title is not clear to the reader. The authors may consider something like "Oil Price Change and Foreign Reserve Nexus: A Case Study of Nigeria"	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It not very comprehensive to standard, authors may wish to rephrase and edit further. I would suggest removing things like....following the findings.... And it should be rewritten in a clear simple language	
Are subsections and structure of the manuscript appropriate?	No	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	It is not, no significant contribution to the body literature or discussion on the literature section building on other studies.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Recent but not sufficient	
<u>Minor</u> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes to some extend	
<u>Optional/General</u> comments	The manuscript need a through revision, starting from the Abstract, introduction and most importantly the Literature Review Section and the Methodology also.
