PART 2:

FINAL EVALUATOR'S comments on the revised paper (if any)	Author's response to the final evaluator's comments
Although the author has not changed the title, it is recommended to rephrase it as: Influence of Cultural Competence Training among Health care Workers on Patient Satisfaction and Health Outcomes in Diverse Communities. IEC approval and study IEC registration number must be given. Likewise, the author could mention the qualitative analysis as a separate heading in the result section. The discussion could include more relevant studies on cultural competence and patient satisfaction. At last limitations of the study could be mentioned appropriately
