<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	It is a very rare case of childhood tumor presenting in the newborn. The authors however needs to justify why they are reporting the case	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is okay	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is too lengthy. I have suggested in the text. Age of presentation needs to be included	
Are subsections and structure of the manuscript appropriate?	The literature review needs to be updated as highlighted in the text. The case report can be summarised to highlight main presentation, investigations and subsequent management. Part of introduction material is in the discussion and should be moved. Discussion should be polished up to highlight similarities and differences in previous reports. The no of slides can be reduced.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This is because of the histologic report supporting the diagnosis. Though would have being nice to see the pix of the case at presentation .	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.		
<b>Minor</b> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes
