

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_125096
Title of the Manuscript:	Performance of French Bean Genotypes at Late Season Sowing in Sylhet, Bangladesh
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript is scientifically good, logical in its results, and can be applied under the conditions of the study area.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	I would like to compare the results of this experiment with the results of planting these genotypes at the optimal time for planting them under the conditions of the same region, if they exist	
Are subsections and structure of the manuscript appropriate?	to some extent	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This study is suitable for the area where the experiment was conducted The results of this experiment are somewhat logical The design of the experiment is scientifically correct Most of the results of this manuscript are significant and highly significant The description of the study area is good The written language is quite good	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. -	The manuscript references ranged from 1988 to 2019. There are research studies up to 2024 that should be added, such as: Magray et al 2023	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	Adding a small table containing some information about the genotypes under study, as well as an addition explaining some of the morphological differences between these genotypes. Use recent references after 2020 The manuscript contains a weak discussion It is necessary to mention the basic dates for planting French bean under the conditions of the area under study It is necessary to clarify the life period of the plant from its planting until its harvest at the planting dates
